

Item name: Outdoor F4500 20w-45w RGB animation laser light

Model number: F4500

Item NO.	Red laser	Green laser	Blue laser	Price/USD
F4500-920	R6000mw/638nm	G6000mw/532nm	B8000mw/450nm	\$4500.00
F4500-925	R7000mw/638nm	G7000mw/532nm	B11000mw/450nm	\$4900.00
F4500-930-CRI	R8000mw/638nm	G10000mw/532nm	B12000mw/450nm	\$9500.00
F4500-G20	/	G20000/532nm	/	\$10800.00

All kinds of OEM/ODM available, please consult our professional sales manager for more details.

Technical specifications

Power: AC90-240, 50-60HZ

Rated power: less than 900W

Laser power: 40W

Scanning system: (25H1040) 40KPPS high-speed galvanometer scanning system with oversized lens (14 * 18mm)

Laser pattern: with pangolin FB4, containing SD card with hundreds of patterns and animations.

Laser modulation signal: analog modulation or TTL

Laser wavelength: red 635nm, green 532nm, blue 450nm or 465nm

Control mode: ILDA / DMX512 / self-propelled

Working environment: indoor (-10-35) degrees

Cooling system: forced cooling by fan

Lamp size: L518 * W382 * H288mm (excluding handle)

Air box packing size: L630 * W520 * H490mm (100mm with wheels)

Product backside

Fb4: we build-in Pangolin FB4 in back side.fb4 is suitable to used outdoor show.

RJ45/Network port: Can connect Network cable directly (dont worry your control computer is far away from the software)

ILDA in/out: Can connect all kind of software

DMX in/out: Can be controlled by DMX controller

Outdoor F5500 30w-45w RGB animation laser light

Newfeel F5500 Extreme high power of up to 45 W – guaranteed after optics!

Each projector comes with fast scanners for smooth projections

All devices are equipped with diodes for brilliant colors and great color fading behavior

The laser beams and beam shapes are highly precise and accurate, which makes the Newfeel F5500 show lasers suitable for high professional applications - indoors and outdoors.

Advantages:

1. Laser source: import laser diode, high stability, long service life
2. Laser design: There are power protection system devices, waterproof, dustproof, moisture-proof, anti-corrosion, anti-rust, and a good sealing system,
3. Built-in temperature control system, automatic adjustment of temperature, stable work in -40° - 45° .
4. Built-in American **Pangolin FB4** professional laser light control software can play programmed beam/animated laser program offline.
5. Can do automatic time switch function, SD Card function.
6. Can perform dynamic 3D beam, animation performance, suitable for **outdoor advertising, water curtain fountain, large-scale outdoor performances, City landmarks, landscape lighting** and so on.

Customized products accepted, please feel free to contact us for the details.
